

Updates on Your Next Dental Appointment

Thank you for bearing with us during the Circuit Breaker (CB) where we could only attend to emergencies. We are now able to offer a wider range of dental services post CB Phase One ("Safe Re-opening"). Please confirm with your dental clinic on the procedures allowed.

In line with the government's gradual resumption of services, our dental clinics will adopt the following steps:

(A) Appointments preferred.
Limited appointments per day to reduce contact time among patients.

(B) Priority given to pain / emergency cases and ongoing cases deferred due to CB.

(C) Heightened infection control protocols to enhance patient safety during treatment.

Thank you for your kind understanding and cooperation.

A SDA COVID-19 initiative.

Patient safety is our top priority.
